'My friends and I had a lovely junk onboard Kitty with Charter Junks. Food was delicious and the hosts were always standing by to fill your glass! Boat was spacious and well maintained with plenty of floaties for guests. Considering the package price it is definitely one of the best value for money junks I have been on'.

Welcome Aboard!

Charter Junks HK is one of Hong Kong's leading Junk operators. We offer a wide variety of charter packages and tours to take advantage of Hong Kong's fantastic waters and coastline, not to mention one of the most iconic city skylines in the world. The best vantage point is on the water.

Charter Junks is synonymous with weekend boating and delivering the finest experience to all our guests onboard; we are also delighted to offer a series of corporate-focused packages designed to help organisations celebrate successes with staff, entertain customers, network or provide something extra for their team.

Kitty and Poppy are newly refurbished traditional Hong Kong Teak Junks, providing ample open entertaining spaces: on the main deck, outside at the front and on the top deck.

Corporate Junks

For decades, corporate Junks have been part of Hong Kong's business fabric, from when almost every medium to the large organisation had at least one junk. The aim was to visit Lamma for seafood, take part in Dragon Boat day, or see the wreck of the RMS Queen Elizabeth in the early days. Today, the appeal of being on the water and away from the city has not changed - the island bridges and container terminal are new spectacular go to spots for cruising.

A 'corporate junk boat charter' offers a fantastic, affordable platform to impress potential clients, boost employees' morale, and implement team-building exercises in unique and memorable settings. The spectacular backdrops, vibrant atmosphere and unparalleled service available on a junk charter are ideally suited to industry networking, formal business meetings and hosting exclusive events.

From elegant evening events to casual swimming days, a corporate charter is tailor-made to the needs and purposes of your business goal.
